B2B SaaS sales professional with 4+ years of full-cycle experience across EMEA, US & UK, now transitioning into Product Management. Strong foundation in customer discovery, competitive analysis, and cross-functional collaboration. Conducted competitor benchmarking, built product comparison sheets, and shared structured product feedback with PM teams at Acefone. **Independently authored a product strategy case study** — enterprise loss-deal discovery, personas, RICE prioritization, and a roadmap decision log. Backed by AI & Data Science from IIT Jodhpur (GPA 9.22).
